RETEACHING WORKSHEET

COPYMASTER

Prefixes: Space, Direction, and Time

Review A **prefix** is a word part that appears at the beginning of a base word or root to form a new word. A **space** or **direction prefix** shows physical position or movement. A **time prefix** shows a chronological relationship.

Directions: Circle the correct prefix to complete each numbered base word or root to form a new word. Find its lettered definition. Write the letter in the blank.

- | | |
|--|--|
